

FAS Max

Fire Fighting Vehicle 4 x 4

DESCRIPTION

Vehicle	JCB WorMax Diesel 4x4
Autonomy	400 Km
Fire Fighting System	FAS Ultra
Hose reels	2 x 30 meters
Lances	2 x Doble jet/Spray/Foam
Max Pressure	200 Bar – 3000 psi
Water tank	Polyethylene tank 200 litres – 55 Gallons
Additive	FREEFOR
Maximum weight	1550 Kg

POSSIBILITIES OF USE

FAS MAX is a fire-fighting vehicle designed for forest fires.

FAS MAX is equipped with a fully integrated FAS Ultra. The vehicle bears a water tank of 200 litres and an additional 6 litres tank with our additive FREEFOR. The dosing system is installed on the machine and can work between 0.3% and 1%.

FAS MAX is a JCB 4X4 vehicle bearing 2 persons, equipped with a 3 cylinders 26 HP Diesel engine.

The selection 4x4 is manual; brakes are hydraulic. It is authorized for driving on road. Its maximal speed at 50 kph enables it to move fast on forest roads.

FAS MAX has a total weight of 1400 Kg and can tow up up to 500 Kg.

FAS can attack immediately and with high efficiency forest fires. The system can work with foam or with additive; two firemen can work together thanks to the two hoses reels. High-pressure -200 Bars / 3000 psi- allows an exceptional extinguishing power compared with conventional equipment.
