

FAS Trakker 3F

Fire Fighting Vehicle All Terrain

DESCRIPTION

Vehicle	Hagglund BV 206 Turbo Diesel
Autonomy	330 km
Fire Fighting System	FAS Ultra
Hose Reels	2 x 30 meters
Lance	2 x Double jet/Spray/Foam
Max Pressure	200 Bar - 3000 psi
Water tank	Polyethylene tank 1000 litres - 270 Gallons
Additive	FREEFOR
Maximum Trailer weight	2240 Kgs

POSSIBILITIES OF USE

FAS TRAKKER is a fire-fighting vehicle designed for forest fires.

FAS TRAKKER is equipped with a fully integrated FAS Ultra. The vehicle bears a water tank of 1000 litres and an additional 6 Litres tank with our additive FREEFOR. The dosing system is installed on the machine and can work between 0.3% and 1%.

FAS TRAKKER is an all terrain track vehicle with a Turbo Diesel engine. It can lift 6+11 passengers.

FAS TRAKKER can drive on all possible ground: sand, rocks, mud, rivers and swamps. Its maximal speed at 52 kms enables it to move relatively fast.

FAS TRAKKER has a total weight of 2240 Kg and can tract up to 4500 Kg.

FAS can attack forest fire immediately with high efficiency. The system can work with foam or with additive; two firemen can work together thanks to the two hoses reels.

High-pressure -200 Bar/3000 psi- allows an exceptional extinguishing power compared with conventional equipment.
