

GRANOSORB

Absorbent Powder For water Application

PHYSICAL DATA

Aspect / Colour	Beige granules
Material	Natural cellulose fibre
Properties	No toxic • No irritant No abrasive • Biodegradable
Specific gravity at 20°C	100 ±20 Kg/m ³
pH	Neutral
Moisture	< 1%
Residual ash index	< 1%
Absorbing ability	Petrol • Diesel • Kerosene • Paints • Oils (vegetal, hydraulic, mineral, synthetic) • Chlorinated solvents • Inks • Alcohol
Absorbing capacity	1 litre of Granosorb absorbs 1 litre of fluid liquid and between 0.8 l and 1 l of viscous liquid

PERFORMANCE & WARRANTY

GRANOSORB is a vegetal product 100% Natural and Hydrophobic. Absorbs oils, hydrocarbons and solvents, but it does not absorb water.

GRANOSORB is applied over water or wet ground. It reacts immediately with the liquid, absorbs it and floats over the water. Later it can be collected with a net to be eliminated. It captures the oil and can be manipulated without releasing it; so it prevents any risk of further contamination.

GRANOSORB is offered in 50 Litre bags.

GRANOSORB has a 2 years warranty in its original packaging and at storage temperatures of 0°C / 40°C.
